

Limitation of Remedies and Liability
 Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including contract, warranty, negligence, or strict liability.

Warranty and Limited Remedy
 The 3M product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. 3M MAKES NO OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's method of application. If the 3M product is proven to be defective within the warranty period stated above, your exclusive remedy and 3M's sole obligation shall be, at 3M's option, to replace or repair the 3M product or refund the purchase price of the 3M product. In no event shall 3M be liable for the labor or installation costs of replacing the 3M product.

Convenient application and care
 Fasara Interior Design Films are installed by trained 3M professionals. Once applied, the films function as permanent solutions, but can easily be removed or repositioned as needs or styles change. Care is simple – films may be washed with common, non-abrasive cleaning solutions.

Versatile solutions
 Fasara films, made of thin, durable polyester with a decorative matte surface, are perfect for privacy, decorative and architectural applications. Intended for use on interior glass and the inside surface of exterior windows, Fasara films can easily be used to create a custom solution for any corporate, retail or residential environment.

3M Fasara™
 Distinctive glass films
 for interior design

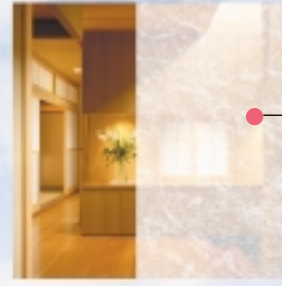

Enjoy enhanced privacy and aesthetics with innovative design solutions from 3M

3M™ Fasara™ Interior Design Films combine Far Eastern design traditions with 21st Century technology to offer innovative new ways to manage space. When applied to glass, Fasara films create a serene, etched-glass appearance, reminiscent of the rice paper partitions used in Japanese culture for centuries to divide interior spaces.

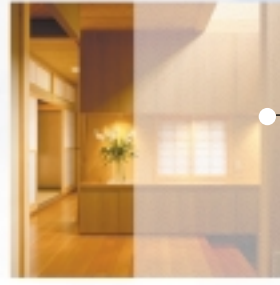

At a fraction of the cost of etched-glass, Fasara films are perfectly suited for interior glass partitions or the inside surface of windows. Available in several textures which can be die-cut for highly customizable designs, Fasara films can be used to create a more private atmosphere or a more dynamic aesthetic.

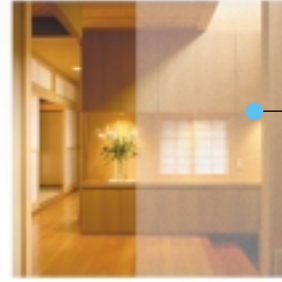

Sagano: subtle crosshatch pattern creates an icy illusion
Product size: 50" x 98.4'

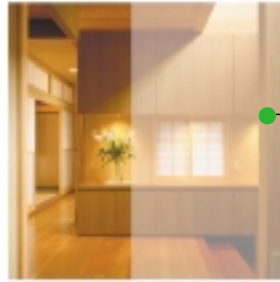

Yamato: a highly textured, rice-paper styling
Product size: 50" x 98.4'

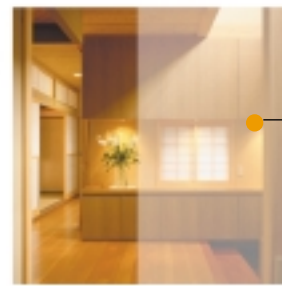

Lausanne: offers a delicate, misty cloud of distortion
Product size: 50" x 98.4'

Oslo: creates a masking, slightly textured fog
Product size: 50" x 98.4'

Milano: a concealing, milky appearance
Product size: 50" x 196.8'
Product size: 60" x 196.8'

San Marino: the nearly opaque façade offers complete privacy
Product size: 50" x 98.4'

Originally developed for the Asian market, Fasara films offer the opportunity to experience the serenity of Japanese culture through the innovative technology you have come to expect from 3M. Common applications include:

- Conference Rooms
- Residential Settings
- Glass Partitions
- Lobbies
- Private Offices
- Verandas
- Retail Environments
- Exterior Windows
